RE: Docket No. 2017-221-E – Application of South Carolina Electric & Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity for the Construction and Operation of the Graniteville-South Augusta 230 kV Tie Line and Urquhart-Graniteville #2 230 kV Tie Line and Associated Facilities

Dear Ms. Boyd:

By Order No. 2017-689, issued in Docket No. 2017-221-E and dated November 2, 2017, the Public Service Commission of South Carolina (“Commission”) granted Dominion Energy South Carolina, Inc. (“DESC”) a Certificate of Environmental Compatibility and Public Convenience and Necessity for the construction and operation of the Graniteville #2 – South Augusta 230 kV Tie Line and the Urquhart – Graniteville 230 kV Line and associated facilities in Aiken County. Pursuant to a Stipulation in the above-referenced docket, DESC agreed to notify the Commission and the South Carolina Office of Regulatory Staff (“ORS”) when the facilities begin commercial operation. By this letter and in compliance with terms of the Stipulation in Docket No. 2017-221-E, DESC hereby notifies the Commission that construction of the Urquhart – Graniteville 230 kV Line is complete and that the line entered commercial operation on August 30, 2019.

By copy of this letter and in compliance with the Stipulation, DESC is also providing ORS with notification that the Urquhart – Graniteville 230 kV Line is now in commercial operation.

If you have any questions, please advise.

Very truly yours,

A handwritten signature in blue ink that reads "Matthew W. Gissendanner".
Matthew W. Gissendanner
